

DEAN STUDENT WELFARE

Message

"अग्रणी रहते हुए सेवक बनो। निःस्वार्थ रहो। असीम धैर्य रखो, और सफलता तुम्हारी है।"

"Be the servant while leading. Be unselfish. Have infinite patience, and success is yours."

— Swami Vivekananda

On behalf of the University, I would like to take this opportunity to welcome students to the Barkatullah university Bhopal. I want our youth to be cheerful, hope can be seen in them, that they can really stand on their feet, do well for themselves, family, society and country.

I believe that your journey will be an inspiring, challenging and enjoyable.

From a very keen beginning in the early century, the University has emerged as one of the India's most renowned and iconic Higher Education Institutions, which occupies a vital place in the emergence and preservation of the most important pillars of any institution i.e. both cultural and Academic environment in India. The Dean Student Welfare department provides ample scope, opportunities, and facilities for the all-round development of personality and leadership qualities among the students.

The aims of the department are to provide opportunities to students to identify and enhance their ability with developing their intellectual strength, emotional stability, innovative thinking, substantial proficiency, social associations and environmental responsiveness. Department believes that with these life skills, students will be able to achieve their professional and personal goals and will be able to manage their lives in a healthy and productive manner.

We emphasise that students should show concern and respect towards teachers, parents, seniors and others in the society

We are proud of our talented, motivated and energetic faculty and staff, many of whom are leaders in their field nationally and internationally who feels pleasure in welcoming all the aspiring candidates to participate in various activities with an aim to provide them suitable opportunities to identify and nurture their talent in the years to come.

Life is filled with unexpected adventures. As you continue to move on in life and face new events, adventures, and challenges, we all wish you the best of luck

**DR.PAVAN MISHRA
